JOHNS MANVILLE CLEANUP SUCCESSFUL

NASHUA, NH -- The U.S. Environmental Protection Agency, the City of Nashua, members of the New Hampshire Congressional delegation, and state and local officials will celebrate the successful and timely completion of cleanup work at the Johns Manville hazardous waste site with a tree planting event.

ATTENDEES: EPA Regional Administrator John DeVillars, Nashua Mayor Donald Davidson, other City officials, Senator Bob Smith, a representative from Senator Judd Gregg's office, Representative Charles Bass, representatives from the NH Office of Health Management, NH Department of Environmental Services, Agency for Toxic Substances and Disease Registry, and the Johns Manville Neighborhood Task Force.

TIME: Monday, June 23, 1997 at 10:00 a.m.

WHERE: Johns Manville Superfund Site, Bridge & Sanders Streets, Nashua, NH

DIRECTIONS:

From Route 3 North in NH take Exit 5E (Route 111). Go straight thru a number of traffic lights until you see signs indicating a left turn for the bus depot. After the signs, at the next traffic light, turn left into Nashua's downtown. Look for City Hall immediately on your left. Continue through a number of traffic lights until you see Grace Fellowship Church (white steeple) on the left. Turn right at those lights onto Canal Street (turns into Bridge Street). Look for Farmer's Exchange/Blue Seal Feed store on left. Cross railroad tracks and turn left onto Sanders Street.
